## **Introduction**

This research report presents Manukau Institute of Technology's research outputs for 2015 in summary and in detail. The outputs are organised according to the degree programme with which the author is associated. Authors not directly associated with a degree programme are listed under 'other'.

### Detailed Listing

The detailed listing of all research outputs is organised into degree programmes. Where the output has multiple authors it is listed separately under each author.

## Summary of Research Outputs 2015

The table below shows the total research outputs in 2015 associated with degree programmes. Outputs are sorted into two categories; quality assured publications, and all other types of research outputs.
