Introduction

This research report presents Manukau Institute of Technology's research outputs for 2013 in summary and in detail. The outputs are organised according to the degree programme with which the author is associated. Authors not directly associated with a degree programme are listed under other.

Summary

Where the output has multiple degree affiliations, it is listed in the summary table under a joint degree category.

Detailed Listing

The detailed listing of all research outputs is also organised into degree programmes. Where the output has multiple authors it is listed separately under each author. Outputs with multiple degree affiliations are listed under a joint degree category.

Summary of Research Outputs 2013

The table below shows the total research outputs in 2013 associated with degree programmes. Outputs are sorted into two categories; refereed publications, and all other types of research outputs.
