Code of Conduct for Students

As a Manukau Institute of Technology student enrolled in a programme/courses offered by the School of Nursing I have read and accept my responsibilities as a student include the following. I undertake to:

1. Treat other students, staff and members of the campus and wider community with respect at all times.
2. Conduct myself in a manner that is consistent with the expectations of a graduate from the course/programme in which I am enrolled.
3. Conduct myself in a manner that always upholds the dignity and rights of others.
4. Adhere to relevant moral, legal, ethical and professional standards for nurses and health workers.
5. Refrain from behaviour that might disrupt the learning of other students.
6. Abstain from the use of drugs and alcohol whilst on the programme recognising that this is a safety issue that may have implications for registration or future employment (refer MIT Statute 8 Student Discipline).
7. Agree to be drug tested if there are reasonable grounds for suspecting that I am under the influence of drugs or alcohol.
8. Avoid any harassment of other students, staff and members of the campus and wider community including the use of cell phones or any social networks (which includes written or visual material or behaviour that is unwelcome, offensive or hurtful, or expresses hostility or threats against others, or ridicules, humiliates or intimidates them).
9. Ensure the privacy of information as detailed in the confidentiality agreement.
10. Inform the School immediately of any investigations, charges or convictions against me which arise during the period of my enrolment and which may be related to any behaviour not of a standard appropriate to a health worker.
11. Refrain from any form of misconduct in assessment and/or infringement of copyright principles.
12. Familiarise myself with policies and programme regulations electronically and comply with MITs statutes, policies, codes, regulations and procedures (including MIT Statute No 8, Student Discipline, which deals with student misconduct and the policy on misconduct/serious misconduct by students related to professional and/or practice matters).

I understand that a serious breach of this code of conduct may result in disciplinary action in accordance with MIT Statute 08 Student Discipline and/or adverse consequences (such as my failing to complete a course or programme), and will be acknowledged in any references given by the School of Nursing.
